Just 9 days to go for Dasara-2019

5-day cleaning drive launched

Mysuru, Sept. 20 (MTY&DM)- From today, the city's streets will be full of civic workers in olive green aprons, wearing rubber gloves and holding brooms and dustpans. Reason: A massive five-day cleaning campaign was launched this morning with Dasara just nine days away.

The campaign was launched by Mysuru District Minister V. Somanna from Doddakere Maidan and the drive will cover all 65 Wards of Mysuru City Corporation (MCC). Somanna said that the drive was aimed at keeping city clean for Dasara during which lakhs of tourists from across the country and abroad will be visiting the city.

Pointing out that the entire city will be covered in the campaign and that the drive will end on Sept. 25, Somanna thanked the contractors for extending their whole-hearted cooperation for the drive by sending their earthmovers, tractors, bulldozers and tippers.

Mad rush to welcome Dy.CM Dr. Ashwath Narayan

Mysuru, Sept. 20 (RKB&BCT)- In his second visit to Mysuru, Deputy Chief Minister Dr. C.N. Ashwath Narayan was given a rousing welcome by over a 1,000 BJP party workers at the Columbia Asia Junction. Party workers, fans and supporters, holding garlands and flower bouquets, literally mobbed Ashwath Narayan and everyone wanted to garland him. This, however, led to chaotic scenes at the busy junction of four roads where vehicles constantly come from all sides.

Ashwath Narayan, the three-time Malleswaram BJP MLA, who rose to become a Deputy CM, had come to the city last week and had performed *puja* to Goddess Chamundeshwari atop the Chamundi Hill. Today, Ashwath Narayan's convoy arrived at the Columbia Asia Junction at around 10.40 am.

Indulging in *introspection*

Analysing oneself and looking at actions taken to understand own personality as well as motivation in life is not everybody's cup of tea. Meditation is prescribed by the knowledgeable for self-examination and possibly to either feel satisfied with the actions or contemplate alternative paths to experience that elusive feeling of sense of satisfaction and even fulfilment in life. Myurueans in their advanced age, disenchanted as most of them are, can be heard bemoaning the ongoing changes in outlook and acts in society with their signature remark *Kaala kettoythu,* making no secret of their helplessness. One cannot be faulted to infer that the senior citizens lost years of their early life in pro-actively arresting the change they despise, individually and as a mass, even as they positively bore the brunt of the consequences of changes that society went through year after year, decade after decade. The Hindi idiom *Saas bhi kabhi bahu thi* or English idiom *Every dog has its day* or the Kannada saying *Athegondu Kaala, Sosegondu Kaala,* while not helping the senior citizens to find solace nor reminding the youth that their turn shall come later for introspection.

While perfect uniformity, as opposed to wide inequality, in the manner of people identifying themselves in the socio-economic spectrum, particularly according to faiths they follow and wealth they possess, is not even a hypothetical possibility, distinguishing people on the basis of their calling for livelihood, as mentioned in the land's ancient scripts seems to have endured for centuries. Drifting from that system to the present system is the undoing of present society.

Inability on the part of sections in the population on the wrong side of 80 years to keep pace with the fast life, particularly in urban space, may be said to have begun during the second half of 18th century, when the first industrial revolution happened between 1760 and 1840. Many other revolutions, led by different social reformers and individuals commanding influence on society, not to forget philosophers founding many faiths, creeds and cults have also contributed to the perceptible changes in the outlook and ways of life, more in cities while the rustic population has held fort to a significant extent. That brings us to the point of pondering about the right and wrong of all actions that have created the current scenario of society in which no age group feels gratified, much less the elderly.

While the condition in which people at large are living in present times can be expressed in one word, namely *stressful,* human-beings as a mass seem to be heading towards the next condition, namely *suffocation,* prompting one to invoke the advisory for people to introspect. Our ancestors believed in acting to right the wrong all the time (*Prayashchitha*) not merely *Pashchaathaapa*.

EDITOR'S BOTTOMLINE

Whenever I listen to some Hindi movie songs from the 1980s and 1990s, or come across a movie title of that time, my heart flutters in agitation, at all the hearty mentions of this humble organ. For an organ that quietly goes around doing its job, of pumping fresh blood to the different organs of the body and keeping it alive and kicking (I mean beating), all the verbal abuses piled upon it by our Hindi movie lyricists can be quite insulting. The accusations hurled at the heart by movie titles are just crazy. *Dil Toh Bacha Hai Ji, Dil-e-Nadaan, Dil to Pagal Hai, Deewana Dil, Dil Hai ki Manta Nahin, Dil Tera Aashiq, Dard-e-Dil.* ***— Rachna Chhabria in 'Deccan Herald.'***

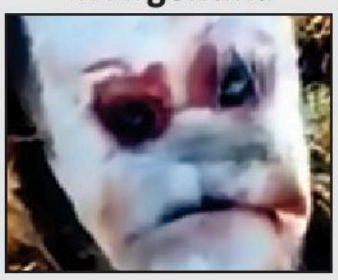
Calf with 'human face' stuns farmers in Argentina



Argentina: A deformed calf stunned farmers with its human-like face. A local filmed a clip of the mutant animal in the tiny village of Villa Ana, in Argentina, with the footage later posted on YouTube.

Sadly, the creature was born with a small nose and mouth and struggled to hold up its head. It apparently had a malformed skull and died within a couple of hours of its birth.

Genetics expert Nicolas Magnago told local media that the animal could have had a rare genetic mutation. He said: "mutation is a change in the DNA sequencing that was transferred to the cow's offspring. It was a spontaneous mutation caused by the action of mutagens, physical, chemical or biological agents, which altered its genetic sequencing."

X-rated sights in UK Gardens

London: They sound like something out a risque novel - but hookers lips, naked man and Peter's pepper are anything put. The world's eight rudest plants have been identified and they certainly look a bit saucy.

The eight rudest plants are Hooker's Lips, Carrion Flower, Naked Man Orchid, Peter's Pepper, Angel Orchid, Sausage Tree, Clitoria Ternatea and Rhodoichiton.

And from looking like something you'd feel more at home kissing that putting in a vase or even something even rudder, these plants would bring a blush to anyone'es face.

Gardening Express has come up with the rudest plants - and are urging people to see how many they have growing in their garden.

A spokesman said: "We know there is a time and a place for everything, but we just could not help ourselves when finding some plants on the cruder side of life. But this list is not just about having a laugh, it really shows how wonderful plants can be."

VOICE OF THE READER

A noble service indeed !

Sir,

The article ***"A Noble Soul on a Noble Mission!"*** by Dr. Javeed Nayeem in his column "*Over a cup of evening tea*" (*SOM* dated Sept. 13) was really an apt one and those who visit *Raghulal's* for buying medicines would surely agree with the author. I generally purchase my regular medicines from *Raghulal* and sometimes in bulk when I travel to the US to visit my son. I am amazed to see the staff working there with such agility, precision and also a good smile on their faces.

Moreover, I have some special affinity for this shop since I have heard my father always saying *"You wouldn't have been alive today if it was not for Raghulal !"*

When I was a little girl in the 1950s, I had an attack of serious Diphtheria and in the middle of the night there was an urgent need for some medicines. My father along with our relative went to their house and requested them. Well, the *Raghulal's* heartily obliged and I was saved !

They do deserve laurels for their noble tasks which are being carried on in this generation too.

State hosts invite Dr. S.L. Bhyrappa, Pramoda Devi Wadiyar for Dasara

On behalf of the State Government, Mysuru District Minster V. Somanna seen inviting Pramoda Devi Wadiyar and Dr. S.L. Bhyrappa for Dasara last evening. Mayor Pushpalatha Jagannath, MP Pratap Simha, DC Abhiram G. Sankar and others are seen.

Mysuru, Sept. 20 (SBD&BCT)- Official Dasara invitations were extended to acclaimed novelist and Saraswathi Samman Awardee Dr. S.L. Bhyrappa who will inaugurate the festivities atop the Chamundi Hill on Sept. 29 and member of erstwhile royal family Pramoda Devi Wadiyar.

The invitations were extended on behalf of the State Government, the official hosts of 'Nada Habba' last evening by Mysuru District Minister V. Somanna and a team of elected representatives and officials. They were invited at their homes traditionally by offering shawls, garlands, flower bouquets and fruit baskets.

Somanna said that he had the responsibility of inviting Dr. Bhyrappa and Pramoda Devi Wadiyar entrusted by Chief Minister B.S. Yediyurappa and he was happy to extend the invitation. Both the dignitaries have accepted the invitations and have conveyed a message that they would extend their full co-operation to the festivities.

Recalling the contributions to the Mysuru region by the Wadiyars, the Minister said that the region had prospered during Wadiyar's regime and people will remember their sacrifices for many years to come. Seconding Somanna, Pramoda Devi Wadiyar too said that she will extend her co-operation this year like she has been doing in the previous years. Scion of royal family Yaduveer Krishnadatta Chamaraja Wadiyar will be present during *Pushparchane* to the *Jumboo Savari* by the Chief Minister, she added.

Reacting to the invitation, Dr. S.L. Bhyrappa said that he was indeed happy to be invited to inaugurate Dasara. "Both the State Government and the Centre do not have the ego and the State authorities have extended a very courteous invitation to me and they have showered their love on a writer. Accepting their love, I have agreed to inaugurate Dasara and I have postponed my England tour," the littérateur said.

True to his nature, Bhyrappa also said that praising the State and Centre does not mean that he supports all that is done or propagated by the Governments. "When Bharat Ratna was conferred on Sir M. Visvesvaraya, the then Prime Minister Jawaharlal Nehru had personally written to Visvesvaraya. Then, Sir M.V. had written to Nehru where he had told him that honouring him with Bharat Ratna will not make him (Visvesvaraya) support all that Nehru Government does," Bhyrappa remarked, leaving the rest for the audience to think and assimilate.

Mysuru-Kodagu MP Pratap Simha, Mayor Pushpalatha Jagannath, ZP President Parimala Shyam, Deputy Commissioner Abhiram G. Sankar, Additional DC B.R. Poornima, MCC Commissioner Gurudatta Hegde, Additional Commissioner N.M. Shashikumar, Deputy Director of Mysuru Palace Board T.S. Subramanya, Mysore Palace Secretary Lakshminarayana, Corporators Prema Shankaregowda, Bhagya Madesh and others were present.

Over a cup of evening Tea

By Dr. K. Javeed Nayeem, MD

Of Darkness and Light !

This is the story of two books with the same title — ***Lights Out.*** **While one tells us about what darkness has done to one man the other tells us about what light has done to the whole of mankind!** Very recently, I had been invited to the **St. Philomena's College,** my **Alma Mater** where I spent a full five years in the seventies, to address the new entrants to their degree courses. The topic of my talk was **'Why are our college years the golden years of our life?'**

I was happy to have been invited to deliver this talk for two reasons. Firstly, because I myself firmly believed in what the title said and secondly because anything to do with my old college was something that always makes me not just happy but ecstatic! Thankfully, the reciprocal sentiments on the other side too are so strong that the management and administration of my college do not do anything without inviting me!

After my talk was over the

next person who spoke was **L. Subramani,** who I was seeing for the first time. I was a little surprised to notice that he had to be escorted to the lectern as he was completely blind. But when I was told that he was the Senior Sub-Editor of ***Deccan Herald*** I was astonished! Very unfortunately I could not sit through his talk because I had a press briefing to do very soon after mine but with my curiosity to know a little more about him I decided to sit through his introduction at least.

I gathered that he had lost his sight at a very early age and had also written about this loss in his book ***'Lights Out.'*** Within the next half minute, before leaving the hall I ordered the book from *Amazon* and rushed to catch my next appointment. The book arrived in two days and I finished it in one sitting. It is an amazing account of how Subramani became a victim of **Retinitis Pigmentosa**, one of the most debilitating and completely incurable diseases that afflict mankind. Being a very progressive disease, it afflicted him at the age of fifteen and left him completely blind by the age of eighteen. He and his mother were devastated by the diagnosis revealed by his doctor and the prediction that he made of complete blindness with no chance of escape. Even today, despite much ongoing research, the scenario has not changed and all victims of this malady are destined to become blind sooner or later depending only on how fast it progresses in their case.

Subramani's book makes riveting reading and the man stands out as a shining example of how we should deal with the vicissitudes that we encounter as we go along in our lives. Someone with a lesser resolve would certainly have succumbed to depression and lost all the will to live. **What amazed me most was the fact that he not only overcame his handicap but also voluntarily chose to pursue a career as a newspaper editor which can be a formidable field even for someone gifted with perfect sight!** The mention of the title of Subramani's book immediately rang the bell in my mind that I had one more book by the same name in my home library. But it took me a full two months to fish it out of my uncatalogued, unsorted and unclassified collection of books, which can actually be called an achievement! Some search operations in this field take me much longer!

While Subramani's book tells us about what darkness did to his life this second book which I am now honouring with a second reading, tells an amazing story of what light has done to all our lives. Authored by **T.S. Wily and Bent Formby,** it is an account and a pretty lengthy one at that, about how the invention of the humble light bulb has changed the life of all mankind...not for better as we may presume but for worse!

In what can be called a very eye-opening and thought-provoking analysis, the authors tell us how peaceful and stress-free human life was during the time when people used to blow out their candles or oil lamps and go to bed after an early supper soon after sunset. That was the time when there were no electric lights to prolong our day beyond a sun-up to sun-down time span. There was no television or even radio to keep us awake beyond the 'nothing more to do' boredom that would lull us to sleep. There were no electronic devices to extend our work into different shifts and that was therefore the time when darkness was king!

The book makes a strong case which proves that it is the disruption of our natural diurnal rhythms and the lack of adequate sleep which have led to the increased incidence of the many diseases like diabetes, depression, aggression, high blood pressure, heart attacks, ulcers and cancer which afflict us today and which were not so rampant before the era of the electric bulb. Both these books that bear the same name, but differ in their themes, make very interesting reading. **But for your own good, do read them by good, old daylight only!**

An Alert Citizen goes to sleep !

Yesterday I lost a very dear friend **Arunkumar Srinivasan** and this loss was not just shared by his family and other friends but also by all members of an organisation called **Alert Citizens' Team (ACT)** of which he happened to be a part for the last eleven years. A handful of us formed this group in association with the City Police at a time when the communal harmony for which our city was most well- known, seemed to be disturbed a little. We came together to thwart anything that was responsible for this trend and very successfully managed to smother all that was bad and encourage all that was good to maintain communal harmony in our midst. Arun was a man much loved for his gentle and soft-spoken nature and his willingness to accept and execute any task that was a part of our mission. At fifty-nine, the call came much too early as he was looking forward to do much more good to society but what he did was what destiny had earmarked for him! **Rest in peace dear Arun, you have done your job well and have earned your rest. Our prayers are with you!**

Proposal to set up AIISH Clinical Units in all Govt. Hospitals

Mysuru, Sept.20 (RK&NNN)- District Minister V. Somanna hinted at a proposal to set up Clinical Units of All India Institute of Speech and Hearing (AIISH) at all Government Hospitals and Medical Colleges in the State.

He was speaking at the two-day 'Open Day' celebrations organised by AIISH at the Knowledge Park here this morning and said that as the kind of work an institute like AIISH is doing treating specially-abled children is very laudable, hence, it called for setting up of clinical units in all Government Hospitals and Medical Colleges in the State so that the treatments are available to the needy. If small units in every hospital with hearing aids and other auditory equipment as also speech therapies are done, it would go a long way in addressing such issues at the local level as everyone cannot come to AIISH from different parts of the State, he said. Hence, he asked Prof. M. Pushpavathi, Director, AIISH, to prepare a proposal of setting up clinical units in every State Hospital and submit it to the Government so that he could take up the issue and see that it is implemented.

Asking AIISH to come out with more proposals, he said that whatever requirement the Institute needs, if it is routed through the MP or written to him directly, he would take it up and see that they are implemented.

Earlier, the District Minister went around the exhibition organised as part of the 'Open Day' where various Departments like Telecommunications for Persons with Communication Disorders, Department of Special Education and Special Training in Early Child, Augmentative and Alternative Communication, Rehabilitation of Communication Disorder, Disorder for Speech and Language have set up equipment and other things.

Prof. Pushpavathi explained in detail about the kind of work and the function that the Institute is doing to the Minister. AIISH Gymkhana Vice- President Dr. N. Sridevi, Zilla Panchayat CEO K. Jyothi and others were present.

Open Day events were inaugurated yesterday and today it concludes. Nearly 500 students and staff of the Institute participated.

Corporate Tax slashed to fire up economy, sends Sensex soaring

New Delhi, Sept. 20- As a *Deepavali* gift, Finance Minister Nirmala Sitharaman this morning slashed Corporate Tax rates for domestic firms from 30% to 22% and for new manufacturing companies from 25% to 15% to boost economic growth. The move brings India's Corporate Tax rate on par with East Asian countries, the Minister said about the Government's initiative that pushed Sensex up by 4.35%, or nearly 1,570 points.

The slew of tax concessions will be applicable from April 1 and any advance tax paid by the companies will be adjusted accordingly. The measures will have a revenue implication of Rs. 1.45 lakh crore annually, Sitharaman said.

"In order to promote growth and investment, a new provision has been inserted in the Income-Tax Act with effect from FY 2019-20 which allows any domestic company an option to pay Income-Tax at the rate of 22% subject to the condition that they will not avail any exemption/ incentive. The effective tax rate for these companies shall be 25.17% inclusive of surcharge and cess. Also, such companies shall not be required to pay Minimum Alternate Tax (MAT)," the Finance Minister said.

In order to attract fresh investment in manufacturing and boost to 'Make-in-India' initiative of the Government, another new provision allows any new domestic manufacturing company incorporated after October 1 to pay Income-Tax at 15%, she said.

"This benefit is available to companies which do not avail any exemption/incentive and commences their production on or before 31st March, 2023. The effective tax rate for these companies shall be 17.01% inclusive of surcharge and cess. Also, such companies shall not be required to pay Minimum Alternate Tax," she added.

5-day cleaning drive launched

(Continued from page 1)

Noting that construction debris, roadside waste, bushes and shrubs grown in vacant sites, dumped waste, drainages etc., will be cleared during the five-day drive, Somanna called for the support of all to make sure that the campaign ends with huge success.

MCC Commissioner Gurudatta Hegde, speaking to *Star of Mysore,* said that more than 100 vehicles lent by the contractors are being used for the cleaning drive. Pointing out that apart from over 2,000 Pourakarmikas attached to the MCC, the civic body has appointed nearly 380 Pourakarmikas for Dasara cleaning duties, Hegde said that the cleaning drive will ensure that the city is cleared of waste and debris for Dasara.

He called for support from all sections of the society for the total success of the drive. All the debris and waste collected in the drive will be dumped at an 8-acre plot belonging to the MCC at Kesare (Rayanakere) along the Ring Road. Mayor Pushpalatha Jagannath, former Mayor Sandesh Swamy, Corporator M.V. Ramprasad, MCC Contractors' Association office-bearers and others were present.

With the MCC launching the special drive, the contractors have lent over a hundred waste cleaning, collection and dumping vehicles. The contractors have also deputed 108 labourers for assisting the Pourakarmikas in the loading and unloading of waste and debris. Other Government bodies such as MUDA, KUWS&DB, Slum Development Board and Housing Board too are part of this five-day drive.

Dy.CM worships at Chamundi temple

(Continued from page 1)

Hours before the convoy arrived, over 1,000-strong crowd had assembled at the junction waiting for the Dy.CM. As soon as his vehicle was spotted, fans rushed onto the road to welcome him. Holding garlands and the traditional *Mysore Peta,* party workers mobbed the vehicle.

Responding to the fans, Dr. Ashwath Narayan got down from his vehicle and the elated fans pushed around each other in a bid to garland and welcome him.

This welcoming spree went on for some time and the Police had a tough time to control the crowd. Meanwhile, traffic piled up on all sides and vehicles were stranded for more than 30 minutes. The attempt of the Police to disperse the crowd to clear the traffic irked the party workers and some of them got into an argument with the Police.

Finally, the Police were able to disperse the mob by requesting

Dr. Ashwath Narayan to get into his car. The Dy.CM was taken to Government Guest House from where the convoy proceeded to Chamundi Hill. After praying to Goddess Chamundeshwari, he spoke to reporters and said that Information Technology companies in Mysuru and Bengaluru will get a boost.

New IT policy

Dr. Ashwath Narayan, who also holds the Higher Education and IT/BT portfolios, said that the Government will soon take a policy decision that will enable IT/BT companies to use newer technologies and come up with renowned services and products.

On disqualified MLAs, he added that all of them were with BJP and they will be suitably accommodated once the Supreme Court pronounces its judgement. Dr. Ashwath Narayan, was, however, silent when asked about jailed Congress leader D.K. Shivakumar.

The Deputy CM later visited Maharani's College where he interacted with the students.

Nagendra miffed at not being invited

MLA Nagendra, who arrived at Doddakere Maidan along with Minister Somanna, took Mayor Pushpalatha Jagannath and MCC officials to task for not inviting him for the campaign launch. He told the Mayor, "You people do not have the courtesy to invite the MLA to an event like this. I am the MLA of Chamaraja and this Doddakere Maidan is in my Constituency."

Intervening, Somanna questioned the Mayor and officials as to why the MLA was not invited to the event despite the drive being finalised three days ago. An upset Nagendra questioned the officials, "You decide the event three days back and I am not informed. 10 minutes ago an officer called me and asked me to come. How can you expect me to rush for the event in 10 minutes," he questioned. While the officials were at loss of words for MLA's outbursts, Minister pacified Nagendra and the event went on.

Dasara Film workshop draws huge response from students

Film Director P. Sheshadri addressing participants at Vijnana Bhavan, Manasagangothri in city this morning.

Mysuru, Sept. 20 (MTY&VNS)- With the number of youngsters foraying into the glitzy and glamour world on the rise over past few years, the demand for quality technicians like story and screenplay writers is increasing every year. The Dasara Film Festival Sub Committee to provide an opportunity for the budding technicians is conducting a three-day workshop under the guidance of renowned film director and national award winner P. Sheshadri.

The workshop is being attended by over 200 students from various colleges across the State. Interestingly, about 60 students from Department of Studies in Kannada, Davanagere University and 10 students from Dharwad University are taking part in workshop. Also, students from various colleges in the city like Christ, JSS, Maharaja's, Yuvaraja's, Mahajana, Maharani's, Post Graduate Centre, Manasagangothri, Government First Grade Colleges have also showed keen interest in the art of film making.

The three-day workshop was inaugurated by District Minister V. Somanna at Vijnana Bhavan in Manasagangothri, here this morning. Earlier, to the inaugural speech, Workshop Director P. Sheshadri, in his introductory address, said that Karnataka, though producing more number of movies compared to other States in the country, was lagging behind in producing quality cinemas.

"Workshops like these, before creating technicians, will help in creating quality audience which in turn will force people from the industry to produce good quality movies," he added.

Sheshadri also suggested that Dasara Film Festival must be organised at the international level inviting artistes from across the world to Mysuru.

Later, in his address, District Minister V. Somanna said that if he continued to be the District Minister till next Dasara, the suggestion of organising Mysuru Dasara International Film Festival would be considered positively and he would work towards organising the same.

Stating that, everyone possessed one or the other talent within them, Somanna said that platforms like these would help identifying such talents and to encourage them.

Speaking to *Star of Mysore*, Dasara Film Festival Sub Committee Deputy Special Officer B.N. Girish said that the committee had received a over whelming response from the students across the State.

"With three national award winning technicians like P. Sheshadri, B. Suresh and B.S. Lingadevaru conducting the workshops, it was certain that the hall would be flooded with young and aspiring film makers," he added.

Kavya, a Kannada literature student, from Davanagere University, said that opportunities like these would help students like them to explore different fields other than teaching and other professions.

Mayor Pushpalatha Jagannath, MLC K.T. Srikantegowda, ZP President Parimala Shyam, Film Director B.S. Lingadevaru, Dasara Film Festival Sub Committee President Jaya Prakash, Working President B.G. Govindaraju, Secretary R. Raju, Assistant Prof. Govindaraju, Dr. S.G. Raghavendra were present .

New Delhi, Sept. 20- Congress leader and former Minister D.K. Shivakumar has joined the Tihar jail as the neighbour of former Union Finance Minister and senior Congress leader P. Chidambaram. Shivakumar, who is the second Congress leader to be arrested by the probe agencies in recent days, was discharged from Ram Manohar Lohia Hospital last night following which he was taken to Jail Number 7 of the Tihar jail.

Chidambaram, who was remanded to judicial custody on Sept. 5, is lodged in cell number 15 of Jail Number 7. Notably, Jail Number 7 houses economic offenders who are facing trial or are in custody. It's unlikely that Chidambaram and Shivakumar will be able to interact in the jail.

Other economic offenders lodged in the same jail number 7 are Kashmiri separatist leader Yasin Malik, British businessman Christian Michel and corporate lobbyist Deepak Talwar.

A Delhi Court yesterday extended the CBI judicial custody of Chidambaram by 14 days till Oct. 3 in the INX Media Case. Meanwhile, Congress MLA Laxmi Hebbalkar has appeared before Enforcement Directorate for questioning in connection with investigations into a money laundering case against Shivakumar.

Hebbalkar, a close associate of Shivakumar, arrived at the ED office just before 11 am following a summons issued to her by the agency. The Belagavi Rural MLA will be questioned about her links with Shivakumar and investments made by him.

Laxmi Hebbalkar has been associated with her political mentor Shivakumar for the last two decades. Shivakumar brought Hebbalkar into the big league in politics and played a key role in her victory in the last Assembly polls, ignoring several senior Congress leaders, thanks to her proximity to Shivakumar.

The ED will question her about a sugar factory in which she is a director and her other businesses in Belagavi, some of which are Shivakumar's alleged benami properties.

Blending musical savvy with emotional excellence

Bombay Jayashree performing at 8th Cross, V.V. Mohalla, as part of the 58th Heritage Music Festival with Ganeshotsava organised by Sri Prasanna Vidya Ganapathi Mandali Charitable (SPVGMC) Trust. She was accompanied by B.U. Ganesh Prasad on violin, Delhi Sairam on mridanga and Giridhara Udupa on ghata.

By Dr. Padmavathi Narasimhan

Bombay Jayashree sang on the 10th day of the Ganeshotsava at 8th Cross, V.V. Mohalla, with Ganesh Prasad on the violin, Delhi Sairam on the mridanga and Giridhara Udupa on the ghata.

Jayashree's music is free of gimmicks and full of devotion. She seemed totally oblivious to the atmosphere, though the place was full with appreciative audience. She went about her task religiously, churning out some excellent kritis.

Starting her concert with the Ganesha stuti through a Sanskrit shloka, Jayashree presented Sri Narayana Teertha's 'Jaya Jaya Swamin Jaya Jaya' which was spruced up by delightful swaras. 'Smarane Onde Saalade Govindana' came as a welcome surprise before a lovely exposition of Shuddha Dhanyasi. Jayashree was devotion-personified, as she rendered the kriti 'Subramanyena Rakshitoham' by Deekshitar. The diction was absolutely clear. As she improvised Kambhoji, the audience appeared to relish the rakthi mela raga. The exposition received loud appreciation from the audience. The next was Kambhoji with the Kriti 'O Rangashayi', which was made famous by late M.S. Subbulakshmi. Ganesh Prasad's version of Kambhoji was equally pleasant. Jayashree packed this composition with neraval and swaras at the charana part 'Bhooloka Vaikuntham Idiyani', concluded with a luxurious weave of swaras centering on dhaivata. Jayashree brought melody to the Kamboji kriti with her clear diction.

The RTP 'Gajamukha Ganapate Sharanam Gauri tanaya Bhagavan' in Shanmukhapriya set to Adi Tala was heart-filling, garnished with ragamalika swaras in Revati, Behag and Brindavana Saranga. The tani avarthanam played by Delhi Sairam and Giridhar Udupa was played with vigour, both being seasoned artistes. The concluding part of the concert consisted of a Tulasidas bhajan which left a lasting impression on the rasikas and a Lalgudi tillana in Desh.

From tribal hamlet to athletic track...

By H.D. Ramesh

Periyapatna, Sept. 20- A student from the Government School near the forest border and son of a very poor couple living in Tribal Hamlet (Girijana Haadi), Sachin, has brought laurels to the school and parents by being selected for the State-level Athletic Meet.

Even teachers and parents of the taluk's Kogilwadi Government Higher Primary School where Sachin is a seventh student, are all praise for his achievements.

These days Government Schools that too in forest border areas which normally lack all facilities are shunned by everyone as there are other private schools which offer better facilities. But this Government School, near the wildlife area adjoining Anechowkur forest range has proved that it is an exception.

There is an opportunity for students both boys and girls to study from 1st STD to 7th STD. There are 84 students in all out of which 48 belong to Varthi Tribal Settlement's Jenu Kuruba community and there are four teachers.

My goal is to represent the country

"In the coming days I will strive hard to see that I will represent the country. I will put in all efforts to achieve this goal. I pay my respects to everyone who have been responsible for my success so far."

— Sachin

As there is no proper road connection to the school from the Haadi, St. Mary Trust's Akshara Atma Trust is providing vehicle facility to ferry the students from home to school for six months in a year. The children of Kogilwadi of the Girijan Hadi have been provided with an opportunity to study in the school which is just half-a-kilometre from their settlement.

Sachin, who is the son of Shiva and Seethe, has an elder and younger sister. The elder sister is married to a boy from the same Haadi, while the younger sister is studying in fifth standard in the same school.

There is no power connection at their house and the parents lead their lives by tilling the field growing corn and during off season, they work as daily wagers. In spite of the daily challenges the parents face, they are keen to see that their son is well educated and emerges as a champion athlete.

In this effort Head Master N.S. Mahesh, Assistant Teachers B.K. Nagarathnamma and R. Lakshamma, guest teacher Poornima, volunteers M. Raghu and Anand, who are acting as physical education teachers, are responsible for Sachin's achievements, acknowledges Shiva.

Sachin, who has been striving hard since the last one year, participated in the hobli and taluk level in 100 metres sprint, discus throw, 4X100 metres relay, and Kabbadi and bagged first place. At the district-level sports he won gold medals in discus throw, 100 metres dash and shot put and got selected for the State Level.

This school was selected for the Green School Investor Award in 2014-15 and in 2019 it bagged the Best School Award. Philanthropist Erappaji, who has donated 20 guntas of land for the school, feels that his gesture has brought him satisfaction, as the school is really doing well.

The SDMC (School Development Council) President Shankarappa was sending his children to a private school. However, after noticing the activities in this Government Higher Primary School, he has removed them from the private school and admitted them here. Now, he says that he will provide all assistance to the school and was all praise for Sachin and hoped that he would represent at the National-level soon.

Proud of Sachin

"Sachin who is selected for the State-level championship is the pride of our school. Many people are now coming forward to give sports equipment. Chowti Gram Panchayat Development Officer Mohan has given a costly pair of sports shoes for training and trainers Raghu and Anand have given tracksuit. Likewise, the trainers were also guiding Sachin to chose the sports that suits him based on the strength of his body. Hence, the school, in its first attempt, was able to achieve success.

Ninth standard student Devaraj, a tribal boy of Nagapura Girijana Ashrama School in Hunsur, has been selected to represent the State in long-jump, after bagging the first place in the District Level Sports Meet. Hunsur Taluk Scheduled Tribe Welfare Officer Chandrashekar, Ashrama School Head Master Lakshman and the teaching staff have lauded Devaraj's efforts.

This was followed by a performance on women empowerment by students of Government First Grade College for Women, Hassan followed by Bharathi Post Graduate and Research Centre, Mandya, students performing a dance ballet based on the theme man-made disasters.

Later, the girls from Government First Grade College, Byrapura in T. Narasipura portrayed the social evils such as female foeticide and others prevailing still in the society.

Minister and MP watch dance performances

District Minister V. Sommanna, who was on an inspection-spree yesterday, took some time off in the evening to watch students perform to various dance numbers. He was accompanied by MP Pratap Simha. Later, the guests presented mementoes and certificates to participating students.

Some of the students did not receive their certificates and mementoes in protest against the officials who turned off the music while their performance was still on. Both students and the organisers entered into wordy duel over the issue and finally, the students walked out without receiving their certificates. The *Yuva Sambhrama* Committee members said that the music had to be turned off as the students had exceeded the time slot given and they had to also provide opportunities for other teams.

Forum penalises Postal Department

Mysuru, Sept.20-The District Consumer Disputes Redressal Forum has imposed a penalty of Rs.8,000 on the Postal Department for the failure in delivering money order of Rs. 500 on time.

The forum has ordered a penalty against Senior Superintendent of Posts and Chamundipuram Post Office Sub-Post Master.

WORD OF THE DAY

Bivouac

Pronunciation: BIV-uh-wak.

Meaning: To make a usually temporary encampment under little or no shelter: camp; to take shelter often temporarily.
Origin: In the 1841 edition of An American Dictionary of the English Language, Noah Webster observed bivouac to be a French borrowing having military origins. He defined the noun bivouac as "the guard or watch of a whole army, as in cases of great danger of surprise or attack" and the verb as "to watch or be on guard, as a whole army." The French word is derived from the Low German word biwacht, a combination of bi ("by") and wacht ("guard"). In some German dialects, the word was used specifically for a patrol of citizens who assisted the town watch at night. Today, bivouac has less to do with guarding and patrolling and more about having shelter.
Example: "Isakson said Native American artifacts were found on the site, along with plenty of evidence to suggest Union soldiers had bivouacked there after the Civil War." — Lawrence Specker.

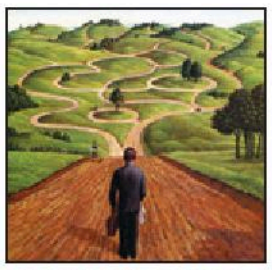
THE ODD WORD

Balbutiate

To stammer or stutter.

PHRASE OF THE DAY

Blaze a Trail



Meaning: To talk about leading the way or clearing a path toward progress. Finding a new path, beginning a new undertaking.
Origin: The term "Blaze a Trail" is believed to come from the mid-1770s, although it is entirely possible that the phrase was used before then. "Blazes" were notches or marks that were left on trees, indicating which way travellers should go to stick to a trail in the forest. Blazes are still used today to mark trails, with different markings that indicate different things. An early example can be seen in Dr. Thomas Walker's 1750 Journal of Exploration: "I blazed a way from our house to the River and I blazed several trees in the fork and marked T.W. on a sycamore tree." A later article from a November 1883 edition of Montana newspaper The Helena Independent uses the phrase precisely: "The merchants thereupon, desirous of securing the trade of the new mines, offered the stranger $100 if he would blaze a trail through, and afterwards it could be cleared sufficiently for pack animals to pass along."
Example: ''The suffragists blazed a trail, eventually convincing lawmakers to give American women the right to vote.''
